The Straw Hat Pizza Mission Statement

Straw Hat is the family restaurant that serves high-quality, great tasting food in a fun and informal environment.

Opening its doors for the first time in San Leandro, a small town on San Francisco Bay, Straw Hat began serving its trailblazing Genuine California Pizza on July 10, 1959. It was an unrivaled pizza with a layered, flaky crust, the freshest toppings, light sauce, and six kinds of naturally aged cheese. By the mid-Eighties, Straw Hat Pizza was regarded as the dominant pizza restaurant in the Western United States as the Pizza Hut chain was trying to establish a market presence in the same area. Pizza Hut made a move to eliminate a major stumbling block to its own expansion by purchasing all company owned Straw Hat Pizza restaurants in 1987. Some of the owners stuck together and won the right to carry forward the Straw Hat brand as a cooperative organization. Once again Straw Hat has a new look, new buildings, colors and logos but it has retained its commitment to guest service. Straw Hat is proud to be a true California pioneer, and a California icon.
